Count on a difference with Nutrena® NatureWise® Layer Feeds.

NatureWise® Silkie & Ornamental Layer Feed keep your special birds healthy, while keeping every hen happy.

Healthy, happy flock

Flockshield™ with essential oils boosts your flock's immune system while supporting their gut health and nutrient absorption.

Clean Crumb™ feed form

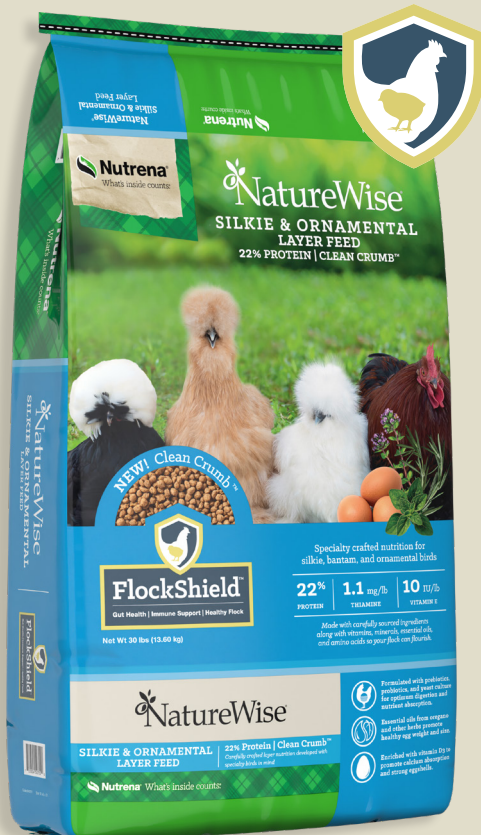

With small beaks comes the potential for more feed waste. The unique Clean Crumb™ means less waste left on the ground and more nutrients enriching the health of your silkie, ornamental and bantam birds.

Specialized nutrition

Thiamine (Vitamin B1) and Vitamin E address the specific needs of your unique birds by helping to support muscle tone and their immune systems. Plus, Silkie & Ornamental Layer can be fed to all chicken breeds in your flock.

NatureWise® Silkie & Ornamental Layer Feed keeps your flock healthy, while keeping every hen happy.

FlockShield™: Our unique ingredient mix supports gut health, nutrient absorption, and helps strengthen the immune system

Four different essential oils:

Oregano, thyme, rosemary, and star anise support your healthy flock, egg weight, and size

Guaranteed levels of 4 different strains of live probiotics to support optimum digestion and nutrient absorption

Vitamin D3: Promotes calcium absorption for strong eggshells with less breakage and optimizes Vitamin D3 levels in eggs

Tagetes (Aztec marigold) meal for beautiful golden yolks

Plant extracts to support healthy bird growth and bone formation

Yucca schidigera extract: Aids in the control of manure odor
