Cattle First Rewards

Spring Producer Program

Cattle First.

— The Better —

ENGINEERED TEAT SEALANT.

THE QUICK-PLUNGE ADVANTAGE

Administer doses quickly and comfortably with a significantly shorter, half-inch plunger stroke.

VISIBLE BLUE PASTE

Lockout™ is the first non-antibiotic internal teat sealant to feature a visible blue paste that is easy to distinguish from milk during removal.

ERGONOMIC DESIGN

LOCKOUT maximizes efficiency while minimizing hand discomfort with the syringe's larger thumb pad, widened wings, and compact size.

FAST, EASY & HYGIENIC APPLICATION

LOCKOUT comes in single-dose syringes with an easy-to-remove cap, and short tip designed for hygienic insertion.

Now extended through May 31, 2020.

Mail-in rebate must be postmarked by June 30, 2020.

The 2020 EPRINEX producer coupon will be extended from April 30 to May 31, 2020.

Continue to use the current EPRINEX printed coupon provided by your **Boehringer Ingelheim** representative. We will not be printing new coupons with the extended May 31 date.

Producers can use an invoice dated March 1 to May 31, 2020, for a qualifying purchase. All other terms and conditions listed on the 2020 coupon remain the same.

EPRINEX IMPORTANT SAFETY INFORMATION: No meat or milk withdrawal is required when used according to label. Do not use in calves intended for veal or unapproved animal species, as severe adverse reactions, including fatalities in dogs, may result.

Micronutrients on every prill provides increased feeding sites

Even distribution of micronutrients is essential for improved plant availability and yield. YaraVita Procote's oil-based suspension completely and evenly coats prilled and granular fertilizers, and ensures an even supply of micronutrients is carried with each fertilizer granule.

Benefits

- Ensures even micronutrients supply with each fertilizer granule
- Enhanced micronutrient efficiency, crop performance and improves yield
- Easily applied, saving time and resources
