

DISSIPATE®

FEED ADDITIVE

PACKAGING AND CODES

Bags, net weight 40 pounds
Code: Nutra Blend OMDPDF

Available from:
Nutra Blend, LLC,
Neosho, MO 64850
800-657-5657

Nutra Blend West,
Madera, CA 93637 / 503-982-9545
Hubbard, OR 97032 / 559-661-6161

Nutra Blend East,
North Troy, VT 05859
800-945-4474

PMI develops innovative combinations of animal feed additives that optimize performance in poultry, swine, dairy and beef cattle by supporting nutrient utilization and gut health. Working with feed nutritionists, manufacturers, veterinarians and producers, PMI products harness the interactions between feed additives to deliver value, efficacy and strong results. Through a comprehensive innovation approach, across component verticals, species, and geographies, PMI leverages the most advanced ingredients and technologies to develop products that perform.

- ▲ Supports metabolic and digestive function in cattle during times of heat stress so the summer heat doesn't burn up your profits
- ▲ Starting a feed program with Dissipate® before the occurrence of hot days may help counteract inflammation when cattle experience heat stress

Nutritional programs are designed to enhance animal performance and to optimize production efficiency. Heat stress is a common problem for cattle producers during the summer months. Annual losses to the dairy industry amount to more than \$1 billion annually. The cause of these losses can be attributed to several factors, including: dry matter intake reduction, adverse effect on immune function resulting in higher sickness rates, and increased maintenance energies resulting in lower daily gain.

Dissipate® Feed Additive is a specifically formulated to be used in dairy cattle just prior and during periods of heat stress. Dissipate® Feed Additive is designed to support immune function and support nutrient uptake during this key stress period.

- Stress threshold for lactating cows.
- Mild stress for lactating cows.
- Moderate stress for lactating cows.
- Severe stress, life threatening conditions for lactating cows.

FEATURES	BENEFITS
Dissipate® Blend	Supports normal intestinal barrier function and supports glucose uptake

RECOMMENDED INCLUSION LEVEL

DAIRY CATTLE
Feed at the rate of 2 ounces per head per day
