FEEDING DIRECTIONS

Honor® Show Chow® Powerfill® is a complete feed. Honor® Show Chow® Powerfill® is formulated to help improve body condition and manage weight gain. Feed dry or with water. To feed wet, mix with sufficient water to make a moist paste. Feed 21 – 30 days (can be fed longer) prior to show for managing weight gain. Feed 3-5 lbs per day per pig depending upon desired growth rate, desired body condition, and body fill. Honor® Show Chow® Powerfill® can also be used to supplement energy and protein by feeding 1 -2 lbs/day along with the Honor® Show Chow® Showpig feeds.

Reminder:

Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable. DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.

Fresh, clean water should be available at all times.
