

LAMB & KID FORMULA

# First Arrival<sup>®</sup>

## TARGETED INTESTINAL SUPPORT

Fast-acting First Arrival<sup>®</sup> with Encrypt<sup>®</sup> – our exclusive organic carbon source – is specially formulated to help lambs and kids cope with the stress of scours and malnutrition. It utilizes targeted proteins, beneficial bacteria, and 280 organic compounds to fight harmful pathogens that may cause scours and malnutrition. Safe all-natural First Arrival also helps build a stronger immune system.
