**ATTACK  
BUGS\***

A family company since 1886. *Fisk Johnson*

## DEFENSE SYSTEM

**Helps you work smarter, not harder, to fight bugs.**  
Visit [raidkillsbugs.com](http://raidkillsbugs.com) to identify your bug and best treatment plan.

### TIPS

- Do not leave doors and windows open.
- Inspect screens for holes and loose edges that may allow wasps and hornets to enter.
- Keep a tight fitting lid on garbage cans (and receptacles) to avoid attracting wasps.

### Use This Product To:

### KILL BUGS ON CONTACT

#### Kill Bugs at the Source

- \* Use outdoors to kill wasps and hornets and their entire nest on contact. For best results, spray in the morning or evening when insect activity is minimal. Spray directly into the nest opening until the entire nest is saturated.

### KILLS Hornets • Wasps • Yellow Jackets

**ELECTRICALLY  
NON-CONDUCTING UP  
TO 32,500 VOLTS**

**TWIST AND SNAP OFF TAB  
BEFORE SPRAYING**

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of area during application. Exit area immediately and remain outside the treated area until all sprays have dried. **FOR OUTDOOR USE: To kill paper wasps, yellow jackets, mud daubers, and bald-face hornets:** For best results, spray in early morning or early evening when insect activity is minimal. Stand a safe distance from nest and do not directly underneath. Hold can as upright as possible while spraying. Point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Wait at least 24 hours before removing the nest. Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. Do not apply to pets or contaminate food, foodstuffs, dishes or utensils. Avoid spraying vegetation directly. Avoid excessive wetting of asphalt. Application is prohibited directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry place away from fire, sparks, and heated surfaces. **DISPOSAL:** Do Not Puncture or Incinerate! If empty: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label. If recycling is not available, put in trash. If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

### FIRST AID

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If Swallowed:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 800-558-5252 for emergency medical treatment information. **Note to Physician:** Contains petroleum distillate - vomiting may cause aspiration pneumonia.

**ENVIRONMENTAL HAZARDS:** This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. See Directions for Use for additional precautions and requirements.

**PHYSICAL OR CHEMICAL HAZARDS: EXTREMELY FLAMMABLE. CONTENTS UNDER PRESSURE.** Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not allow this product to come in contact with acids, bases, or other strong oxidizing materials, as a chemical incompatibility reaction may occur.
