Ear Cleaner For Dogs & Cats

Antiseptic ear cleansing solution for dogs and cats loosens wax and debris, reduces the risk of infection or inflammation, and may reduce ear odor. Aloe vera soothes irritation.

INGREDIENTS: USP purified water, alcohol, acetic acid, nonoxynol 12, methyl paraben, fragrance, dm dm hydantoin, aloe vera gel

INDICATIONS FOR USE: For routine cleaning of pet's ears during regular grooming.

DIRECTIONS FOR USE: Apply a liberal amount of Sulfodene[®] Ear Cleaner into the ear canal of the dog or cat. Gently massage the base of the ear to loosen wax and debris, then let the pet shake the liquid out of the ear, if desired. A cotton swab may be used on the outer ear to remove extra dirt and debris. Do not insert cotton swab or any other object deep into the pet's ear canal.

WARNING: For external use only. For animal use only. Keep out of reach of children. Discontinue use and contact your veterinarian if redness or irritation persists for more than one week, or if pet exhibits signs of ear infection such as hearing loss, head tilting, and/or circling.
